Dear Mr. Davis:

Thank you very much for the prompt notification of and the posting of this information.

Today, at a public meeting in Wyoming, Martin Hestmark announced both posting of the Phase 5 data and news that the public comment period is being extended from October 16, 2012 through January 15, 2013. I do not see that extension on the Pavillion website. Do you know when that change/extension will be posted to the website?

Nea

Subject: Posted today: EPA Phase V Documents: Summary of Methods & Results

Dear Ms. Brown and Ms. Temkin,

Today we created a new "Phase 5" page and linked to it from the Pavillion home page:
<http://www.epa.gov/region8/superfund/wy/pavillion>

The addition to the home page is as follows:

October 10, 2012
EPA released the methodology and results for samples collected during April 2012. [Click here for more information.](#)

Let me know if you have any questions.

Thanks,

Tim Davis
